

# STATE OF THE ART Digital Solutions for live streaming

The in-house creative department at Cadence Studios allows us to provide full-service alternatives to live events. This gives you the ability to continue to share your message, sell your product, inspire or educate others.

Experience the same quality and attention to detail that you're accustomed to with a live event produced by Cadence Studios.

## VIRTUAL EVENTS & LIVE STREAMING

From our beginning, Cadence Studios has provided innovative technical solutions for the broadcasting and live streaming of events. We were one of the first companies in the area to adopt live streaming as part of our core capabilities.

- Camera packages and live switching solutions
- Professional lighting and sound
- Flexible streaming options which allow us to stream to your website, or other public channels such as Facebook, YouTube or Vimeo
- Full service scripting and speaker training
- Audience engagement options

Music on Main 2020 Reveal live stream March 2020

Primary 2020 Candidate Forum live stream set up February 2020
